

People's Powerhouse Family Activity Pack

We love the North, the people, the places and the communities. What better way to celebrate our cities, towns, villages, hamlets and more, than to talk about what we love about them the most.

In this pack there are activities you can do as a family, to express how you feel about where you live in a time where we are unable to enjoy our communities fully.

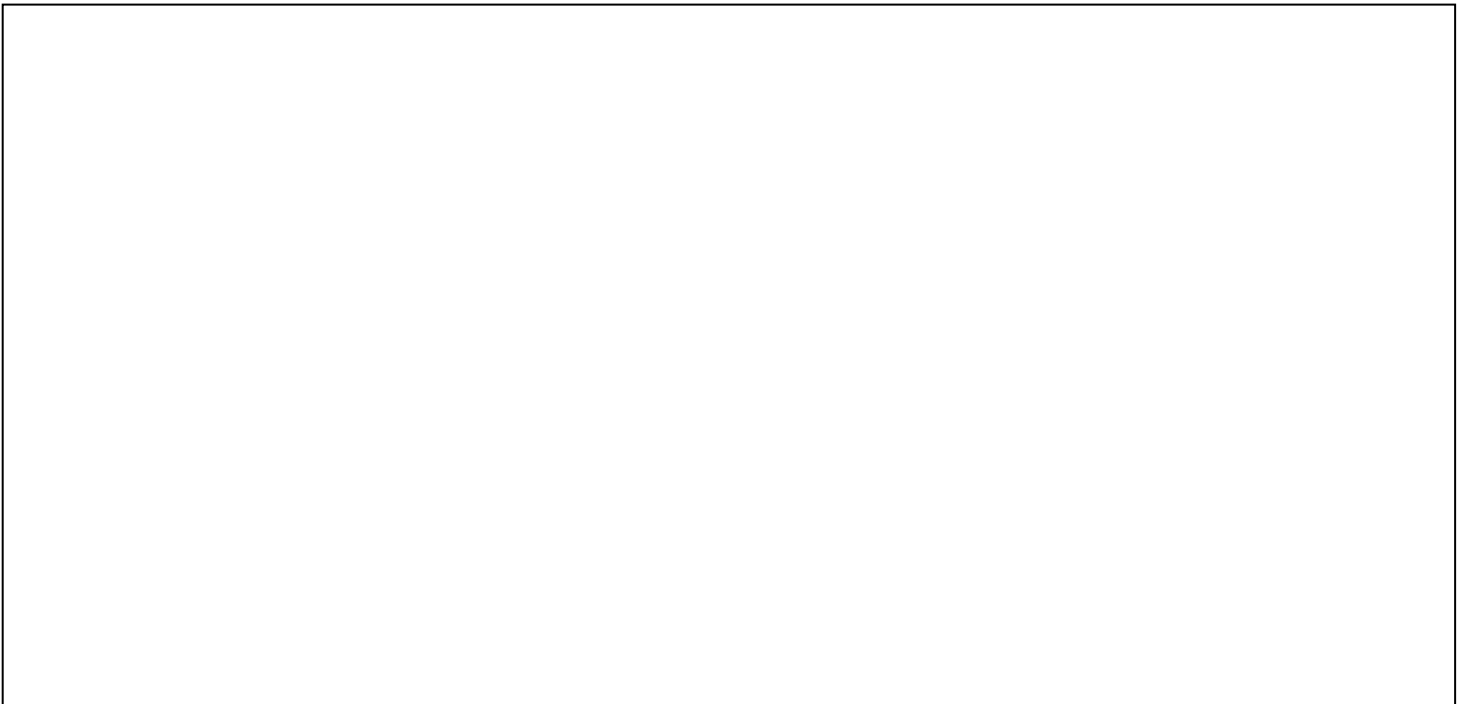

We would love to see your work; you can email copies of your completed activities to people@peoplespowerhouse.org.uk or tag us on Facebook and Twitter @PeoplesPowerhse and use the hashtag #ThisIsTheNorth

Remember to tell us who you are and where you live so we can share your wonderful creations.

Activity one:

Talk as family about your favourite places to go in your community and why you love them so much.

Draw a picture of your favourite place and tell us why.

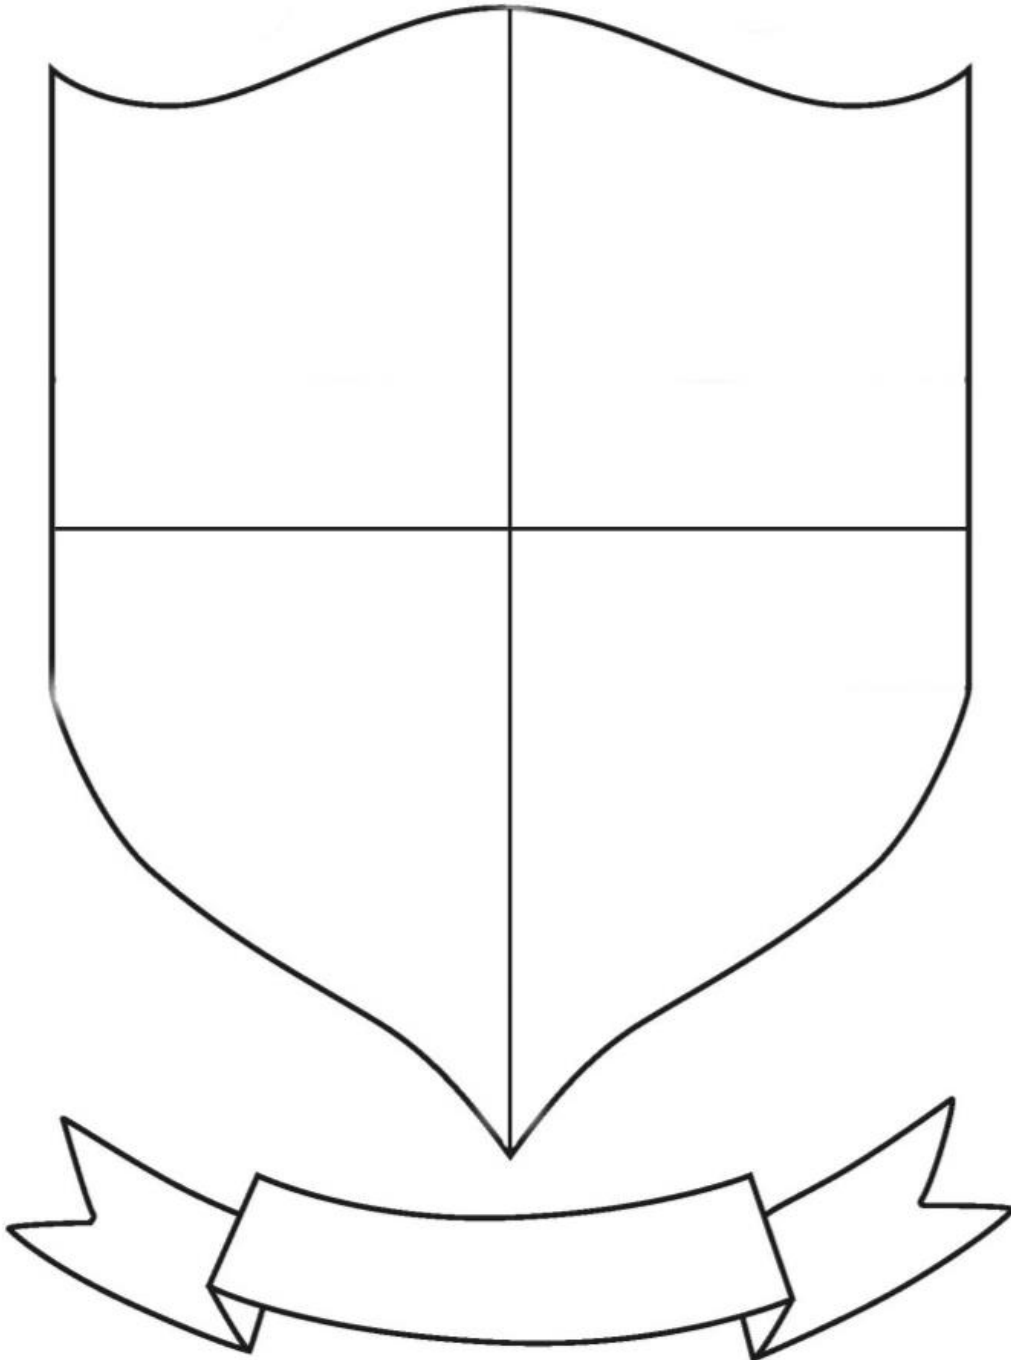

Our favourite place is: _____

We love it because: _____

Activity two:

Talk as a family about what you think the values of your community or neighbourhood are and create a community crest and moto that represents these values.

Activity Four:

Talk as a family about who your local hero is. Create a local hero story board and tell us about them.

Our hero is: _____
